INDUSTRIAL VACUUM CLEANERS

1810DC BATTERY INDUSTRIAL VACUUM CLEANER

A battery-powered industrial vacuum cleaner that works without a power cable: 1,800 W at 24 V, 18 kPa vacuum and 468 m³/h air flow. A 100 L stainless steel tank, a 40 mm inlet and a 69 dB(A) noise rating suit warehouses, loading areas and buildings where cables get in the way.

Voltage (V)	**24, battery**
Battery	**100 Ah lithium**
Power (W)	**1,800**
Vacuum (kPa)	**18**
Air flow (m³/h)	**468**
Collection bin (L)	**100**
Inlet diameter (mm)	**40**
Hose length (m)	**3**
Noise level (dB(A))	**69**
Filtration accuracy (µm)	**0.3**
Filter cleaning	**Manual backflush**
Weight (kg)	**75**
Dimensions L×W×H (mm)	**780 × 600 × 1,440**

KEY FEATURES

1,800 W motor head
24 V battery powered, with illuminated switches.

100 L stainless steel tank
For dust and general debris.

Battery box
The lithium battery sits in a box on the base frame.

Front floor tool
Picks up debris as the unit is pushed along.

40 mm suction hose
Connects to the 40 mm inlet on the tank.

Push handle
For pushing the unit along aisles while the floor tool picks up debris.
