ENCLOSED-CAB SWEEPERS

GS19 ENCLOSED-CAB SWEEPER

A fully enclosed ride-on sweeper with one 740 mm main brush and four 500 mm side brushes, sweeping a 1,900 mm path at up to 20,000 m²/h. A roof fog cannon, a 1,500 W high-pressure pump with a 13 m hose, a 220 L water tank and a 240 L debris hopper suit roads, industrial parks and campuses, with 4–6 hours of run time per charge.

Sweeping width (mm)	**1,900**
Productivity (m²/h)	**20,000**
Debris hopper (L)	**240**
Water tank (L)	**220**
Run time (h)	**4–6**
Main / side brushes (mm)	**740 / 4 × 500**
Drive motor (W)	**1,800**
High-pressure pump (W)	**1,500**
Fog cannon range (m)	**10**
Weight (kg)	**780**
Dimensions L×W×H (mm)	**2,200 × 1,900 × 2,050**

KEY FEATURES

Fully enclosed cab
Keeps dust, sun and rain away from the operator.

Roof fog cannon
Sprays fine mist to settle dust while sweeping.

Four 500 mm side brushes
They work with a 740 mm main brush for a 1,900 mm sweeping width.

740 mm main brush
Sweeps debris from under the chassis into the 240 L bin.

Work lights
Lights on the cab roof for early and late shifts.

240 L debris bin
Sweepings are collected in a 240 L bin in the rear body.
