KEY FEATURES

Solution and recovery tanks
40 L of clean solution and 45 L of recovery capacity in one compact body.

450 mm brush deck
A single brush cleans a 450 mm path, rated at up to 1,800 m²/h.

Rear squeegee
Picks up the dirty water behind the brush, so the floor is left dry.

Walk-behind handle
The operator steers and controls the machine from the rear handle.

Rear transport wheels
Two large rear wheels carry the 100 kg machine between work areas.

Recovery hose
Carries dirty water from the squeegee up to the 45 L recovery tank.
